ENTHUSIASTIC REVIEWS FROM YOUR COLLEAGUES!

“HIGHLY CREDIBLE. . . Dr. Edgell has done it again. . . written A NEW ‘MUST-READ’ FOR ANYONE IN THE WORLD’S LARGEST BUSINESS—TOURISM. His use of diverse case studies in sustainable tourism, where he has hands-on experience, makes each chapter of the book come alive. This work is a rare combination of theory, practical application, and Dr. Edgell’s willingness to take some risks by looking into the future and making predictions about sustainable tourism. He combines a good does of ‘how-to’ with an equally important shot of ‘how-NOT-to!’”

—Ambassador Fredrick M. Bush, MA, Associate Director for Development and Constituent Relations, Development Office, Woodrow Wilson International Center for Scholars

“HIGHLY RECOMMENDED FOR STUDENTS contemplating a career in the field as well as professionals already active in tourism development and management. . . . This book WILL BECOME THE REFERENCE STANDARD FOR FUTURE DISCUSSIONS ON SUSTAINABLE TOURISM. With many of the world’s unique sites coming under increasing demographic and environmental pressures, this book is A MOST WELCOME ADDITION TO THIS EMERGING FIELD.”

—Thoric Cederstrom, PhD, Vice President, Counterpart International
