

# FREE THE WILMINGTON 10

## DEMONSTRATE!

Sat., Sept. 17, 1977

12 noon

Democratic Party Headquarters

342 Madison/43rd St./N.Y.C.

President Carter speaks to the whole world about human rights.

But, why doesn't President Carter demand the release of the Rev. Ben Chavis and his co-defendants who are still serving a combined sentence of 282 years in North Carolina prisons?

Millions around the world and in our country, from Boston to Honolulu, from Havana to Helsinki have demonstrated their support for the Wilmington 10. Network television documentaries and leading newspaper editorials demand federal intervention for a new trial or pardons of innocence.

Still President Carter and North Carolina Governor James Hunt fail to get the message — FREE THE WILMINGTON TEN!

On September 17th we, in concert with thousands all across our country, will demonstrate for the freedom of Rev. Chavis and the Wilmington 10.

We have chosen as the site in each city the offices of the Democratic Party, the Party of President Carter and Governor Hunt. We will ask the Democratic Party in our city to make it known to the President and the Governor that it too wants justice done and the Wilmington 10 free again to take their places with their families and their communities. Please join us. Add your strength to ours.
